SEED GRAIN-PRICES

FALL, 1947

"HUMCO" APPLER 294-60

Strain 6

SEED OATS

This is our LAST STRAIN of Pedigreed Appler Seed Oats.

They are as highly resistant to Rust, Smut and other Oat diseases as any Oat we have grown.

These Oats STOOL heavily and if planted in October a seeding of one and one-half bus. per acre is sufficient. Planted early they will resist cold as well as any Oat.

PRICE:	Bag Lot	50 Bus. Lot
SELECTED SEED	\$2.75	\$2.60
Fulgrain Strain 7	\$2.00	\$1.85
Victorgrain Strain 5	\$2.00	\$1.85
SEED WHEAT		
Redheart Strain 5	\$5.00	X
SEED RYE		
Abruzzi Strain 6	\$4.00	X

COKER 100 WILT RESISTANT

Strain 5

COTTON SEED

This Cotton was sold by the Breeders in the Spring of 1946 for the first time. OUR SEED of this Strain were purchased from the Breeders and grown on our Farms that year. From this SEED STOCK the seed we offer this year is grown. They are second year from breeder.

THE YIELDING CAPACITY of this STRAIN 5 HAS BEEN PROVEN by its record in 1946. It made the HIGHEST YIELD ON RECORD in the Five-Acre Contest and Farmers all over the Cotton Belt attest its excellence, as a cotton with the HIGHEST MONEY VALUE per acre.

This Cotton needs no further commendation from us. Its Type, Earliness, Boll size, Easy of picking, staple length and quality are the best to be had. Plant this Cotton and you will be highly pleased with the results obtained.

OUR SEED GROWN AND HANDLED entirely by us and under our strict supervision. They are PURE and exactly as represented.

COKER-100 WILT RESISTANT

1946 BREEDERS STOCK

★★ First Year From Breeders

Every Farmer knows the COKER 100 WILT RESISTANT COTTON. It has won more five-acre contests and led in more Variety Tests than any other cotton in existence. It has done this all over the South.

It is a Wilt resistant cotton but is just as desirable on lands that are not infested with Wilt.

The PLANT TYPE of this Strain is erect, a vigorous grower, with medium sized, deeply lobed leaves, which means LIGHT FOLIAGE. It is a VERY EARLY Cotton. Bolls are round and slightly pointed, and they OPEN WIDE and Fluffy so that it is a very desirable and easy cotton to pick. Its staple length runs from $1\frac{1}{32}$ " full to $1\frac{1}{16}$ " under good conditions. Lint percentage runs 37% to 39%. The staple character is uniform, strong, and of excellent spinning quality.

THIS COTTON HAS PROVEN DESIRABLE FOR MECHANICAL HARVESTING.

OUR SEED this variety obtained DIRECT FROM THE BREEDERS in Spring 1947 and grown entirely under our supervision and ginned on our own Private Gins. Our seed are absolutely pure and are GUARANTEED pure and right in every respect.

These Seed CERTIFIED by the S. C. Crop Improvement Association and carry THEIR Certified Tag.

COKER 4 in 1, STRAIN 7 WILT RESISTANT

Second Year from Breeders

This is the LAST STRAIN of the 4 in 1 Cotton Offered.

OUR SEED STOCK obtained from the BREEDERS in Spring of 1946. They have been grown and handled under our supervision and we know them to be absolutely pure.

This is a SAFE, EARLY, HIGH YIELDING variety with STRONG WILT RESISTANCE and a PREMIUM STAPLE of 1 1/16" to 1 1/8". A Cotton that will produce HIGH DOLLAR VALUE on either Wilt or Non-Wilt lands.

CHARACTERS

Season: Very Early.

Foliage: Thin.

Bolls: Round ovate, 65 to 70 to pound. Open Wide—easy to pick.

Lint Percent: 36% to 38%.

Lint Character: Uniform—Strong.

Plant Type: Open Growing—Spreading—very desirable.

It is known and grown and has proven highly profitable in wide areas of the South.

PRICE: See Price List

A WARNING!

We do not guarantee any Wilt Cotton Seed. Many new wilts are showing up and all Wilt varieties will die some on land heavily infested with nematodes. These Wilt Cottons are as good as can be had.

NOTE:

1. All seed treated with Ceresan.
2. Our S E L E C T E D SEED are first and second year from breeders. They are grown under our supervision and handled by us. We guarantee them as to purity and germination.
3. All prices based on seed 80% or above in germination. If lower test seed are offered—price will be adjusted.
4. Prices subject to change without notice.

DELINTED SEED

Every year more Planters recognize the value of **MACHINE DELINTED COTTONSEED**. They plant better. They come up quicker and grow off faster, insuring better stands, and therefore higher yields.

They are **DOUBLE RECLEANED** and all light seed are removed.

In the delinting process we take off two lbs. lint per bushel and give 28 lbs. of delinted seed for a bushel, or 93 lbs. of seed for $3\frac{1}{3}$ bushels.

We are prepared to serve these Delinted Seed at an **EXTRA COST** of 75 cents per bag or \$15.00 per ton, if your order for delinted seed is received in time for us to have this work done. We feel that the extra cleaning these delinted seed get is worth the difference in price charged for them.

SELECTED-SEEDS

LONG STAPLE COTTONS

WILDS STRAIN 17

★★ First Year from Breeders

A LONG LENGTH COTTON, with HIGH PRODUCTION and a higher MONEY VALUE per acre than other strains of this variety offered previously.

The WILDS variety has proven its adaptability over a wide area and is conceded to be the BEST UPLAND LONG STAPLE COTTON, with a spinning quality to its fiber that is outstanding.

CHARACTERS

Season: Extra Early Fruiting.

Plant Type: Semi-Dwarf-open-medium thin foliage.

Bolls: Large, 65 to 70 to lb. Round ovate, slightly pointed. Open wide and fluffy. (Easy to pick.)

Lint Percent: 33% to 35%.

Lint Length: $1\frac{3}{8}$ " under favorable conditions.

Lint Character: Excellent—Strong—Silky.

Production: High (exceptional for long length cotton.)

NOTE THESE QUALITIES:

This Variety is EXTRA EARLY in blooming and maturity. It has very LIGHT FOLIAGE, the BOLLS are LARGE and Open FLUFFY, so that it PICKS GOOD.

Its STAPLE has HIGH TENSILE Strength, and for UNIFORMITY of Staple and DESIRABLE PLANT TYPE, we know of no Upland Staple Cotton the equal of this variety.

PRICE: See Price List

We Are Responsible

Our men properly supervise the growing and handling of all the seed we offer. We guarantee every seed we sell to be right, or they don't cost you a cent.

They must be pure.

They must be true to name.

They must be high quality.

They must germinate right.

Our Cottonseed are grown on our own farms or under contract for us on the farms in this section, from seed stock furnished by us. The cotton is ginned on our gins, and the seed are recleaned, sacked, stored, tested and treated by our men.

We Know What We Sell

We solicit your business on the grounds that we are prepared to serve you with **HIGH QUALITY SEED** at reasonable prices.
